THE OPPORTUNITY

The opportunity to work along side Great Lakes Heavy Haul came from a simple cold call. Initially looking for a new ground up development, we were able to find them the perfect home. Our research and knowledge of the market lead to the acquisition and remodel 1119 Morren Court, in lieu of a full on development.

THE RESULT

Working along side a tenant throughout the renovation process was a new experience for Vision. It resulted in a fantastic relationship and an unmatched trust between landlord and tenant. Great Lakes Heavy Haul is signed to a long term lease in their fantastic new home along US 131 in Dorr, MI.
